OWMX-2 HTML5 & CSS3

Search

About the Author

Hi, my name is Jonas Jacek.

Welcome to my free HTML5 and CSS3 website template.

I consider myself a web designer, web developer and Internet marketing enthusiast. I strongly believe in free and open-source software and open standards. That is, why you get this template for free.

HTML5 & CSS3 Template

This W3C-compliant, CSS-based website template has a Creative Commons Attribution-Share Alike 3.0 Unported License.

Feel free to remix, copy, distribute and transmit this template. Just know that you must attribute the work in the manner specified by me. Please see the license. Also, if you alter, transform, or build upon this work, you may distribute the resulting work only under the same, similar or a compatible license. All I ask is that you keep the credit links in the footer intact.

Let the Show Begin - Pre and Code

This is how it looks if you use `pre` and `code` together, for example to highlight and nicely markup a piece of code:

```
pre {
  font-size : 12px;
  background : #F0F0F0;
}
```

Example Blockquote

If you want to quote somebody, you can use this perfectly semantic example for a blockquote:

Jean-Luc Picard

With the first link, the chain is forged. The first speech censored, the first thought forbidden, the first freedom denied, chains us all irrevocably.

Examples Alerts, Notice & Confirmation

These sample styles for alerts and notices are useful if you want to use the template in content management systems.

Alert: This is how an alert looks like.

Notice: This is how a notice looks like.

Confirmation: This is how a confirmation looks like.
